New York--WASHINGTON--Paris

ON DISPLAY FOR THE FIRST TIME THIS MORNING:

Beautiful New Fancy Dress Hats for Women's Summer Wear

Revealing All the Late Authentic Fashion Features.

Beautiful Large Sailor Hats, Pretty Shepherdess Hats and the Graceful Drooping Brim Hats are conspicuous in the shapes, each one of which is exclusive and distinctive.

Leghorns, Tuscans and Hemps are good for general wear, and many still retain the idea of combination in material, having plain or embroidered Georgette crown, brim or facing, and embellishments of narrow pecot edgings and frilly ribbons, reminiscent of colonial and wartime styles.

Georgette Crepe, Chiffon, and Maline Hats, in white, delicate pinks and blues, light tans and tuscans, especially for evening and party wear; some show hair braid and net combinations; Striking Large Black Net Hats-ribbons, in unique gathered effects, loops, bows, and small bunches or single flowers give an old-fashioned newness that is particularly charming.

One notably effective model indicative of the trend is in large shape with pink Georgette brim and pink Dresden figured taffeta crown, with immense pink bow at the back.

These are very beautiful millinery modes, and many of the hats will be taken out of their boxes for display for the first time this morning

Astounded, the Confederate captain made no immediate reply. It seemed hardly possible that this timid, trembling youth before him could be the accomplice of the assassin, or that the the assassin himself.

After a pause Jett called to Ruggles who was watering his horse nearby, and on his coming up Herold repeated was one of repulsion

But the shock of Herold's revelation was quickly followed by the appear-ance of Booth, who, painfully hobbling on his rude crutch, came up from the wharf, and stood before them. He saw by their faces that they knew his secret. His brow darkened.
